Company Introduction

LINTEK (PTY) LTD is a 100% black woman-owned company specializing in building refurbishments, electrical services, HVAC, and design consulting. We deliver turnkey solutions from concept to completion, ensuring quality, innovation, and compliance. Our expert team provides cost-effective and sustainable services for the built environment and property industry.

About Company

LINTEK is a 100% black woman-owned BBB-EE company with a dedicated team of professionals, including skilled electrical, energy, civil, and structural engineers, as well as technicians, handymen, and general laborers.

We provide turnkey solutions from concept, design, and build to the maintenance of electrical, HVAC, and building facilities. LINTEK has separate, dedicated teams for:

- ✦ Electrical and HVAC services
- ✦ Design and building revamps & maintenance

Mission & Vision

Mission

We strive to provide uncompromised quality service to our clients within the built and engineering environment.

Vision

To be one of the leading emerging organizations that provides excellent building facilities, electrical, mechanical, and design services in the built environment and property industry.

Our Culture

Excellence & Innovation

We continuously strive for high-quality, forward-thinking solutions.

Collaboration & Teamwork

We believe in working together to achieve the best results.

Safety & Compliance

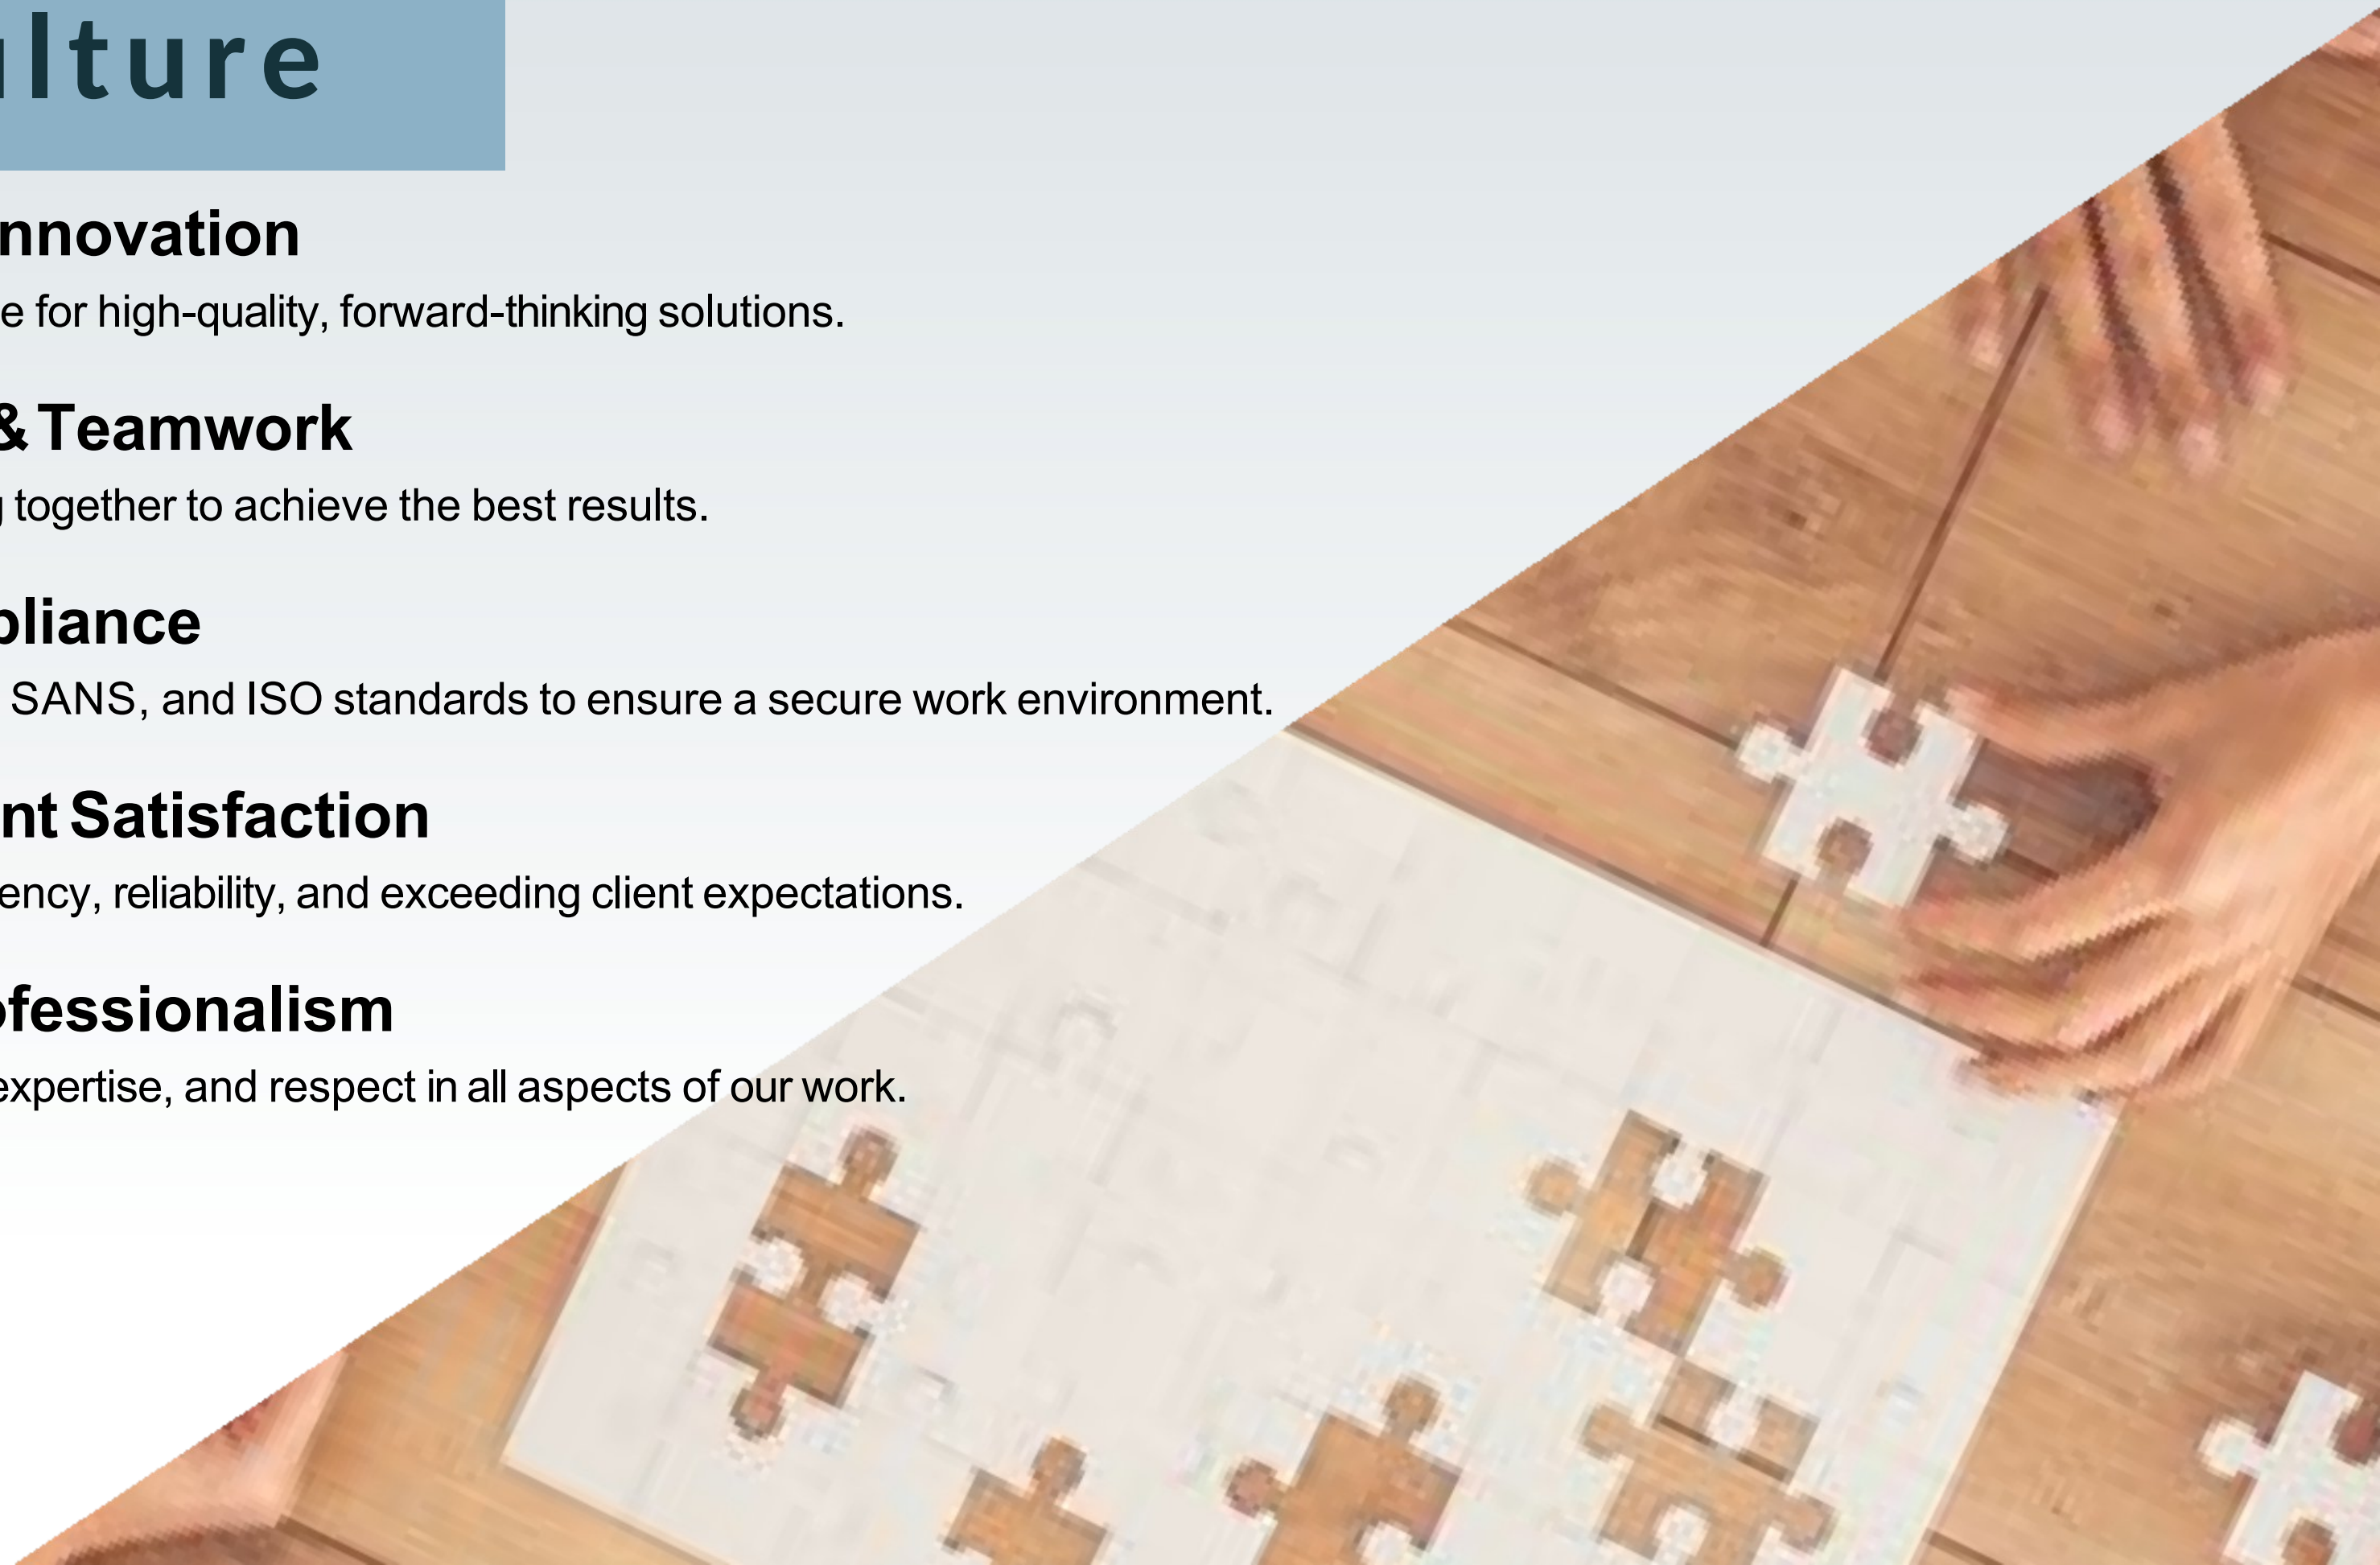

We adhere to OHSA, SANS, and ISO standards to ensure a secure work environment.

Integrity & Client Satisfaction

We prioritize transparency, reliability, and exceeding client expectations.

Diversity & Professionalism

We value inclusivity, expertise, and respect in all aspects of our work.
